e-lectra BLACK EDITION

WHERE INNOVATION MEETS ELEGANCE!

Founded in 2005 in Stratford-upon-Avon, the heart of Shakespeare country, CK Fires Ltd are a multi-award-winning manufacturer. Our Evonic Fires brand is proud to produce a range of British built electric appliances and are considered as one of the most technically advanced manufacturers in the world. Our range has a heating solution to suit any interior, with a variety of styles, sizes and flame effects to choose from.

Adding an electric fire provides a comfortable and attractive solution for those looking to add warmth and style to their living space.

“We strive to design and deliver sustainable products that are aspirational and driven by technology through innovation.”

ANDREW COX | MANAGING DIRECTOR

Here for you...

NATIONWIDE RETAILER NETWORK

With our extensive network of over 300 dedicated retailers, it has never been easier to find the Evonic fire you are looking for. Our website features a detailed search engine to locate your nearest Evonic Fires dealer, and you can even narrow the search down to find particular ranges or models using our product filter tool. Scan the QR code to view our retailers page.

CUSTOMER SERVICE

Our dedicated team work tirelessly to ensure we offer the highest calibre of customer service. The Evonic Fires sales department are always on hand to answer any queries you may have regarding our products before or after you make a purchase, and our knowledgeable service department will always have time to discuss any after sales questions, to ensure you are getting the best performance from your Evonic fire.

FIVE YEAR WARRANTY

All our products come with a five year cover as standard. For year one, parts and labour will be covered, and to qualify for the additional four years, parts only warranty, consumers will have to register their product on the Evonic Fires website within 30 days of purchase. During years two to five there will be a manufacturer's chargeable service call out option. Scan the QR code to be taken to the product registration page.

LEADERS OF ELECTRIC FIRES

Evonic Fires occupy a 30,000sq ft manufacturing facility and produce some of the most advanced electric fires in the world, creating an abundance of products to fit any interior. Using components sourced from leading suppliers and assembled at our factory premises, Evonic Fires strive to achieve excellence with every fire we despatch. You can also be confident that in choosing an Evonic Fires appliance you are supporting British jobs, reducing your carbon footprint through shorter supply chains, and investing in a product that is built to last.

CERTIFICATION

Our company, CK Fires Ltd, are both ISO 14001 and 9001 certified. Our ISO 14001 certification is for our Environmental Management System, which assists us in minimising our effect on the environment through more efficient use of our resources and reduction of our waste. Our ISO 9001 certification provides guidance for our Quality Management System, which assists us to fulfil requirements and ensure customer satisfaction, while continuously improving the effectiveness of our operations.

PART OF NIBE GROUP

CK Fires Ltd is a group member of NIBE, a Swedish multinational company that specialises in energy-efficient and environmentally friendly heating solutions. NIBE is a world leader in heating technology, with a wide range of products and solutions for homes, commercial buildings, and industrial applications.

Setting the mood...

CONTROLLING YOUR FIRE

Access and control the features of our fires through the e-smart cloud app on your phone or tablet. These fires are compatible with Amazon Alexa or Google Assistant for voice control. A remote handset comes as standard with all models, or can be integrated into a home automation system, such as Control 4.

LOW RUNNING COST

Use our Energy Cost Calculator to see how affordable an Evonic fire is by visiting our website www.evonicfires.co.uk

Based on a Halo 1500, the running cost, for 4 hours, using the flame effect only is less than 2p. Over the same period, but with turning the heat on, it's less than £1. *

*Energy usage based on a Halo 1500 fire. Prices are calculated using the UK: Energy Price Guarantee (October 2024) fixed unit rate of 25p per kWh. Please check your tariff for detailed cost of running. Prices rounded to nearest whole pence. Flame effect only calculation based on 4 hours usage. Heat calculation based on 4 hours of thermostatic usage with 50% duty cycle plus flame effect. Calculations do not include installation, maintenance, or servicing.

Feature lighting has now become an essential factor in the design of a living space, with many consumers choosing to integrate lighting into their cinewall to accent their fireplace, television, or simply add an extra light source to a room. Try adding the new App controlled, e-illuminate smart lighting for that extra wow factor.

Black Edition

Introducing the Black Edition Models - Elevate Your Experience

We are thrilled to unveil our new Black Edition models, now available across the e-lectra range.

The Black Edition features a sophisticated black rear screen, meticulously designed to minimise reflections, and enhance the vibrancy of the flame colours, bringing your space to life with more intensity. The UHD front glass, nearly invisible to the eye, offers an ultra-clear view that perfectly complements our exquisitely crafted Cotswold fixed logs. And, the speed control feature lets you adjust the flame speed, ranging from a gentle simmer to a lively, dynamic effect.

Discover the ultimate in clarity, vibrancy, and design with the Black Edition – where innovation meets elegance.

Cotswold fixed logs

We are thrilled to announce the launch of our new Cotswold fixed logs fuel beds, meticulously hand-crafted at our factory in Warwickshire. Each fuel bed is uniquely bespoke, featuring responsibly sourced real British Oak logs and authentic wood chipping details. To achieve a truly realistic charred look, each log is carefully charred by our skilled craftspeople. The fuel beds are then securely fixed using solvent-free resin, ensuring both quality and environmental responsibility.

Scan the QR code to view how our Cotswold logs go through production.

Glass

UHD GLASS:

- UHD glass is the ultimate choice for those seeking a flawless, uninterrupted view of the flame.
- Virtually eliminating all reflection, it creates the illusion that nothing separates you from the fire itself, providing a clean, ultra-clear view.
- The non-reflective surface ensures that the flame becomes the focal point of the room, delivering a more realistic and immersive experience without any distractions.

Measurements

| E-LECTRA MODELS | GLASS WIDTH | GLASS HEIGHT | FIRE DEPTH |
|-----------------|-------------|--------------|------------|
| e-lectra 1800 | 1750mm | 415mm | 300mm |
| e-lectra 1500 | 1500mm | 415mm | 300mm |
| e-lectra 1250 | 1250mm | 415mm | 300mm |
| e-lectra 1000 | 1000mm | 415mm | 300mm |
| e-lectra 800T | 800mm | 590mm | 300mm |

TV Options

Choosing the ideal size TV is a vital aspect to consider when building your media-wall. Ideally, you want the television to be slightly narrower than the width of the fire in order for your wall not to look top-heavy. Below is a diagram and table to assist you.

| TV SIZE | TV WIDTH | TV HEIGHT |
|---------|----------|-----------|
| 32" | 709mm | 399mm |
| 40" | 886mm | 498mm |
| 43" | 953mm | 536mm |
| 50" | 1107mm | 622mm |
| 55" | 1217mm | 686mm |
| 60" | 1328mm | 747mm |
| 65" | 1440mm | 810mm |
| 70" | 1549mm | 871mm |
| 75" | 1661mm | 935mm |
| 80" | 1770mm | 996mm |
| 85" | 1882mm | 1059mm |
