Here for you...

NATIONWIDE RETAILER NETWORK

With our extensive network of over 300 dedicated retailers, it has never been easier to find the Evonic fire you are looking for. Our website features a detailed search engine to locate your nearest Evonic Fires dealer. Scan the QR code to view our Where to Buy page.

CUSTOMER SERVICE

Our dedicated team work tirelessly to ensure we offer the highest calibre of customer service. The Evonic Fires sales department are always on hand to answer any queries you may have regarding our products before or after you make a purchase, and our knowledgeable service department will always have time to discuss any after sales questions, to ensure you are getting the best performance from your Evonic fire.

FIVE YEAR WARRANTY

All our products come with a five year cover as standard. For year one, parts and labour will be covered, and to qualify for the additional four years, parts only warranty, consumers will have to register their product on the Evonic Fires website within 30 days of purchase. During years two to five there will be a manufacturers chargeable service call out option. Scan the QR code to be taken to the product registration page.

Manufactured in the United Kingdom. The images in this brochure are produced using photography and CGI. Although the utmost care has been taken to accurately portray our products, we always advise a viewing in person at an approved Evonic Fires retailer's showroom. Evonic Fires pride itself on constant development and improvement. All product descriptions and sizes are accurate at the time of publishing but are subject to change without formal notice.

WHERE INNOVATION MEETS ELEGANCE!

Founded in 2005 in Stratford-upon-Avon, the heart of Shakespeare country, CK Fires Ltd is a multi-award-winning manufacturer of cutting-edge electric fires. Its Evonic Fires brand combines craftsmanship with advanced technology, offering a variety of styles, sizes, and flame effects to suit any interior.

From our 30,000 sq ft manufacturing facility, every appliance is carefully assembled using top-quality components, ensuring innovation, reliability, and longevity. Choosing an Evonic Fires fire adds warmth and style to your home, supports British jobs, and helps reduce your carbon footprint — delivering a fire that's as responsible as it is beautiful.

CONTROLLING YOUR FIRE

Access and control the features of our fires through the e-smart Plus app on your phone or tablet. These fires are compatible with Amazon Alexa or Google Assistant for voice control. A remote handset comes as standard with all models, or can be integrated into a home automation system, such as Control 4.

LOW RUNNING COST

Based on a C1, the running cost, for 4 hours, using the flame effect only is less than 2p. Over the same period, but with turning the heat on, it's less than £1. *

*Energy usage based on a C1 fire. Prices are calculated using the UK: Energy Price Guarantee (July - September 2026) fixed unit rate of 26p per kWh. Please check your tariff for detailed cost of running. Prices rounded to nearest whole pence. Flame effect only calculation based on 4 hours usage. Heat calculation based on 4 hours of thermostatic usage with 50% duty cycle plus flame effect. Calculations do not include installation, maintenance, or servicing.

Operation choices...

The Evonic range of inset fires offers a choice of stylish models, with control options to suit every preference, from straightforward switch control to advanced operation via remote control and smart app.

C1, C2, ADMINGTON & COMBERTON MANUAL

- Discreet side-mounted switches are seamlessly integrated into the built-in spacer for easy operation.
- Features an authentic flame effect for a classic, uncomplicated experience.
- Ideal for customers who prefer straightforward operation without a remote or app.
- Simple and intuitive to operate, while delivering the distinctive Evonic flame effect.

C1, C2 & C3 REMOTE

- Operated using the supplied remote control or the e-smart Plus app.
- Offers multi-colour flame effects to personalise the ambience.
- Compatible with Amazon Alexa and Google Assistant for convenient voice control.
- Provides enhanced functionality with app-based control and smart home integration.

The C1 and C2 are available in either Manual or Remote versions, while the C3 is available exclusively as a Remote-controlled model, delivering the full smart feature set as standard.

C1

C-series
inset range

At 300mm in depth, the C1 model is the deepest inset in the range. Designed to seamlessly fit into a standard 16" x 22" opening, the glass-fronted C1 incorporates reflective side panels to further enhance the flame picture, while a whisper-quiet fan heater provides added warmth and comfort.

Specifications

- Concealed 1500W heat output
- 300mm full depth fuel bed or reduce to 225mm with optional spacer
- Five distinct fascia options - page 6
- Available as 16 or 22-inch
- Fixed real wood logs fuel bed
- Depth enhancing, reflective side panels
- Available as switch control or remote - page 5
- Speed control on remote version
- 11 flame effects to choose from (remote version)

C2

C-series
inset range

With a depth of 200mm, the glass-fronted C2 harnesses the same impressive features as the C1. With its impressive flame window and whisper-quiet fan heater, the C2 is sure to be the centrepiece your living room deserves.

Specifications

- Concealed 1500W heat output
- 200mm mid depth fuel bed or reduce to 125mm with optional spacer
- Five distinct fascia options - page 6
- Available as 16 or 22-inch
- Fixed real wood logs fuel bed
- Depth enhancing, reflective side panels
- Available as switch control or remote - page 5
- Speed control on remote version
- 11 flame effects to choose from (remote version)

Rebate measurement refers to the gap left on the inside of the fireplace surround where the marble may be fitted. All our fireplaces have an adjustable rebate as standard.

Our Mission

“ We strive to design and deliver sustainable products that are aspirational and driven by technology through innovation. ”

SUSTAINABLE

We are committed to creating products with efficiency at their core, helping to reduce environmental impact and support a better future.

ASPIRATIONAL

Our designs blend elegance and style, creating statement pieces that inspire beautiful living spaces.

TECHNOLOGY

We embrace advanced technology to enhance performance, usability and control, delivering exceptional experiences every time.

DESIGNED WITH PURPOSE | BUILT FOR TOMORROW | MADE TO INSPIRE
